It's all change here at Hush!

I have had a busy last few months. I have been working hard on rebranding and building my website with the wonderful team at Blow Media. The website went live on the 25th of September. I am very pleased with the result. www.hushaesthetics.com

I could do with some more testimonials, so if you can spare a few minutes please email one to me so I can add it to the website, no full names are used. Please note that after 5 yrs I have made some changes to my treatment prices

I have moved house to Beckenham so have madly been getting my old house ready for sale and the new one unpacked and set up. I have a lovely clinic room, which I have painted and set up for those clients who I see at home.

I have added a new clinic venue in Lewisham, and will be adding more venues soon.
